

LLD services for TESCO suppliers

LLD supports Scottish food producers supplying TESCO with a number of services:

- LLD is engaged by TESCO Primary to make collections for TESCO at factory gate prices
- LLD delivers product for TESCO suppliers on a third party basis
- LLD provides a warehousing and pick facility for TESCO suppliers
- LLD makes direct to store deliveries for TESCO suppliers.

TESCO Primary

If you are engaged by TESCO to provide product at factory gate/farm gate pricing, TESCO will arrange the collection of your product by commissioning LLD or another contractor to collect the product and deliver it to TESCO within the agreed wave/window.

Third party

If TESCO purchase stock from you; and ask that it be delivered to the TESCO Regional Distribution Centre at Livingston (or another RDC elsewhere in the country) you will need to find a haulier to make the delivery. LLD are approved by TESCO to make such deliveries.

Pick and dispatch

If you are in a remote location whereby for instance a daily collection and delivery could be problematic, LLD can hold an appropriate quantity of stock and pick and deliver to your emailed instructions on a 7 days a week basis.

Direct to store

These deliveries are normally for specialist local food that has a distinct local brand/standing. If you are a TESCO local partner, LLD is authorised by TESCO to make direct to store deliveries.

TESCO Waves (windows)

TESCO operate a number of waves (delivery windows) for different types of fresh product. These 'waves'; mean product will be allocated a particular 'wave' to coincide with similar incoming stock. LLD currently makes deliveries to all the TESCO waves. For some customers this is daily 365 days a year – for others it can be as infrequently as once a month.

OTM Management.

For larger customers, LLD manages the supplier's TESCO OTM account (put simply, a computerised booking-in system). LLD then deals with the booking-in time and liaises with the supplier to ensure that the product is collected in a timely manner to ensure it makes its allocated delivery slot.

LLD operates from bases in Bellshill, Inverness & Dundee and:

- *makes timed temperature controlled (chilled and frozen) deliveries to most of Scotland (95%) and much of Northern England each day*
- *makes deliveries of ambient foods*
- *makes Just in Time (JIT) deliveries of packaging materials to processors who have a shortage of operational/production/storage space*
- *makes deliveries to all parts of the UK through its network partners*
- *is the only Scottish EFSIS accredited logistics company making daily deliveries throughout the country*
- *serves all the major retail distribution centres and foodservice companies*
- *serves around 400 businesses each week*
- *specialises in timed groupage particularly 1-5 pallets, and particularly short shelf-life and or just in time food service*
- *also does whole load and trunking work*
- *vehicles are all satellite monitored, with thermo data loggers and mobile phones etc*
- *operates 24 hours, 7 days a week*
